DIRECTIONS for taking the MEPHITIC ALKALINE WATER, prepared by JOHN KILLICKS, No. 11, *Water-Street, Bridewell Precinct, near Blackfriar's-Bridge.*

PUT a Tea-cup full of hot Milk into a half pint Mug, and then pour one of the Bottles of the MEPHITIC ALKALINE WATER into it, and immediately drink it. To be taken two or three Times a Day, according to the Symptoms of the Patient, an Hour or two before or after eating.——See Dr. Falconer's Pamphlet, ſold as above, *Price Two Shillings.*

N. B. The Bottles muſt be kept in a very cold Place with the Mouths downwards.
